ISHY Final Conference

21-03-2023 10:30 - 17:00⁺

We cordially invite you and your guests to the Implementation of Ship Hybridisation (ISHY) Final Conference, taking place on March 21, 2023 in Dordrecht, Netherlands. This event will serve as an opportunity for us to reflect on the achievements of the Interreg 2 Seas ISHY project and to celebrate the hard work and dedication of all project partners.

- You will be welcome from 10:00 onwards. The program will kick off at 10:30 and conclude at 17:00, followed by a closing reception where we can continue to celebrate in an informal setting
- Complete program will be available early February 2023
- Conference will take place on Zilvermeeuw vessel sailing to Drimmelen and back to Dordrecht
- Highlights of the program:
 - Live demonstrations of:
 - New fully battery-electric vessel Zilvermeeuw Z9 (250 persons)
 - Zepp.solutions' 150kW hydrogen fuel cell system
 - Presentations about:
 - Hydrogen Bunkering station Port of Oostende
 - Hybrid Marine multimode hybrid configuration system
 - Tools and methods developed
 - Time to network, hear all about carbon reduction and the challenges partners have faced during the project (2019-2023)

Extra:

- Live presentation Hydrogen Watertaxi, the first and only H₂-powered ship active in the port of Rotterdam
